Raise productivity and lower costs with this service solution for HP Printers.

If you're looking for a way to reduce the costly time, energy and staff that it takes to repair, replace and order supplies for your printer fleet, the Gordon Flesch Company has the solution—GFC imageSERVICE.

This new program provides customers with highly trained and certified HP Service Technicians to maintain your entire printer fleet. We'll service your equipment, order your toner and even replace parts. It's that simple!

## Here's how the program works:

- GFC will provide the service to maintain all of your printers throughout the year (minimum 5 printers per site).
- No hourly labor charges. No travel costs.
- Our customers simply pay an initial one-time enrollment fee and pay for replacement parts and toner.

## GFC Guarantees:

- Same day service
- Stock & availability of all toners
- Same day shipping for orders placed by 2 p.m.
- Competitive parts & toner pricing

## Get started:

- Sign and return the enrollment form with fee.
- Initiate the program with a toner cartridge purchase (*for each machine*).
- Purchase all toner for machines listed on enrollment form from GFC.
- Equipment covered by GFC imageSERVICE bears a machine ID tag.

Don't miss this opportunity to save money and maintain critical equipment more efficiently. To put the power of the Gordon Flesch Company to work for you, visit [www.gflesch.com](http://www.gflesch.com), or contact your GFC Sales Representative.

Printer Maintenance. Easy. Affordable.

# imageCARE

imageCARE is a proprietary, three-step process available only from the Gordon Flesch Company. It's designed to save money for your company by studying, redesigning and servicing your company's printing environment and processes.

## Step One:

imageMANAGER provides in-depth analysis of your company's current printing usage.

## Step Two:

imageCONTROL creates a customized equipment and document workflow plan to eliminate waste, duplication and inefficiency.

## Step Three:

imageSERVICE provides the training, supplies and on-site service to make sure everything works—all the time.
